

**Date: February 13, 2026**

**Subject: 160 Avenue NW Functional Planning Study  
Public Engagement Invitation**

Dear Community Partner,

Ronmor Holdings Inc., Shane Homes, and Qualico Communities have partnered with The City of Calgary and will be coordinating with adjacent jurisdictions including Rocky View County (The County) and Alberta Transportation and Economic Corridors (TEC) to develop a functional plan for 160 Avenue NW. The new roadway for 160 Avenue NW will connect to Shaganappi Trail NW / Highway 772, Mountain View Road NW, and 24 Street NW / Panorama Road NW.

The 160 Avenue NW functional planning study will include:

- **multi-modal transportation connections** to planned residential development in the Glacier Ridge Area Structure Plan (ASP) area;
- **active transportation infrastructure** for people who walk and wheel (e.g., shared-use pathway); and
- **incorporate safety and best practices** considering all travel modes for people who drive, wheel, cycle, walk or take transit through the area.

The project team would like to invite you attend a drop-in open house or complete the online survey to provide your feedback (details below). If you would like to arrange a meeting with the project team, please contact us at [info@islengineering.com](mailto:info@islengineering.com)

**In-person drop-in open house**

March 4, 2026 (4:30 pm to 7:00 pm)  
Symons Valley United Church  
38 Kincora Rise NW, Calgary, AB

**Online feedback**

February 25 to March 18, 2026  
Visit [calgary.ca/160AveNW](https://calgary.ca/160AveNW)

We are also seeking assistance in promoting engagement opportunities on your communication platforms (e.g., website, social media, or e-newsletter). Please let us know if this is possible, as your support would be appreciated!

Thank you for your time. We look forward to hearing from you!

Sincerely,

**ISL Engineering and Land Services.**

David Breu, P. Eng.  
Functional Planning Lead
